

Dear Future Patient,

Thank you for your interest in having Summit View Biological Dentistry and Wellness review your Cone Beam scan (also called a CT scan). Here are a few key things to be aware of:

- Cone Beam must have been taken no more than 1 year ago
- Cone Beam must be taken in the highest quality format available and 1 step up on patient size
- The scan needs to be a **Full 2 Jaw View w/wo Cranium** (it is best if we can see part of the sinuses, all of both jaws including wisdom teeth, airway, TMJ's)
- It must be sent in **Dicom (.DCM)** format
- Please Include your name, date of birth, date, phone number, email, and mailing address)
- Please make sure to send the complete scan, not just a picture or snapshot
- **Please send any recent bitewing x-rays and a panoramic x-ray if you have them**

Once we receive and review your scan, you will be contacted to set up a Zoom Consultation with Dr. Chandler or Dr. Geddes. (Please note: Zoom Consultations are \$190.00 and will be scheduled for 1 hour)

### **Ways to send the scan to us:**

#### **Online**

Via DropBox or WeTransfer

(You can find us on either of those platforms by our email [2createsmiles@gmail.com](mailto:2createsmiles@gmail.com))

#### **Mail**

Send the USB drive or Disc to:

Summit View Biological Dentistry & Wellness  
3070 Rasmussen Rd, Ste #290  
Park City, UT 84098

**\*\*\*If your office uses NuTom or Kavo software or Galileos (Sirona) - make sure to export into DICOM format and/or contact the software company and find out how.**

**NuTom: 866-466-5228 Kavo: 888-275-5286 Dentsply Sirona: 800-263-1437**

*If you have any questions, please call our office at **435.649.2078** or email us [\*\*2createsmiles@gmail.com\*\*](mailto:2createsmiles@gmail.com).*
