

Dear Future Patient,

Thank you for your interest in having Summit View Biological Dentistry and Wellness review your Cone Beam scan. Here are a few key things to be aware of:

- Cone Beam must have been taken no more than 1 year ago.
- It must be sent in **Dicom (.DCM)** format.
- Include your name and contact information (birthdate, phone number, email & address).
- Please make sure to send the complete scan, not just a picture or snapshot.

Once we receive and review your scan, you will be contacted to set up a Zoom Consultation with Dr. Chandler or Dr. Geddes. (**Please note:** Zoom Consultations are \$175 and will be scheduled for 1 hour)

Ways to send the scan to us

Online

Via DropBox or WeTransfer

*You can find us on either of those platforms by our email 2createsmiles@gmail.com

Mail

Send the USB or Disc to:

Summit View Biological Dentistry and Wellness
3070 Rasmussen Rd, Ste #290
Park City, UT 84098

***If your office uses NuTom or Kavo software - make sure to export into DICOM format &/or contact the software company and find out how. NuTom: 866-466-5228 Kavo: 888-275-5286

*If you have any questions, please call our office at **435.649.2078** or email us at **2createsmiles@gmail.com**.*
